

## **Save Time and Money with Prescription Home Delivery**

**Save on Medications you take regularly (such as high blood pressure or diabetes) when you have them delivered by mail, in 90 day supplies, from Anthem's CarelonRx Home Delivery Pharmacy.**

### *Savings*

If you purchase a 90-day supply of a prescription medication through the mail order service, you will only be charged two applicable copays. If you purchase a 90-day supply at any retail pharmacy, you will be charged three applicable copays.

### *Convenience*

Mail delivery means no more trips to the pharmacy and if you choose automatic refill and/or renewal, you won't need to keep track of that either!

### *Safety*

Every order is filled by a licensed pharmacist, then quality checked before shipping. Packages are discreet, weather and tamper-proof.

### ***How to get started!***

#### **Ask your doctor for a prescription for a 90-day supply of your medication**

If this is a new prescription, you may wish to also get a prescription for a 30 day supply, to be filled at a retail pharmacy while you wait for your first mail-order to be processed. Prescriptions can be submitted to the mail order pharmacy by mail or fax, or online at [www.anthem.com](http://www.anthem.com).

#### **Place your order**

Log on to [www.anthem.com](http://www.anthem.com) and choose the *Prescriptions Home* page. On your personal pharmacy page, select *Request a New Home Delivery Prescription* and follow the steps to submit. You may also call CarelonRx Home Delivery Pharmacy at 1-833-236-6196.

#### **Pay for your prescription**

You can pay by debit or credit card, use your Flexible Spending Account (FSA) debit card, or enroll for electronic funds transfer (EFT) payments. To set up your payments, select *Complete your Profile and Communication Preferences* from your personal pharmacy page, then *Change Payment Method* to choose how you'd like to pay, sign up to pay online or add/update your credit card on file.
