Important Questions	Answers	Why This Matters:
What is the overall deductible?	\$0 for in network providers; \$250/individual or \$500/family for out of network providers	See the Common Medical Events chart below for your costs for services this <u>plan</u> covers. Generally, you must pay all of the costs from <u>providers</u> up to the <u>deductible</u> amount before this <u>plan</u> begins to pay. If you have other family members on the <u>plan</u> , each family member must meet their own individual <u>deductible</u> until the total amount of <u>deductible</u> expenses paid by all family members meets the overall family <u>deductible</u> .
Are there services covered before you meet your deductible?	Yes. Primary care, preventive care, specialist visits and certain prescription drugs. For more information see below.	This <u>plan</u> covers some items and services even if you haven't yet met the <u>deductible</u> amount. But a <u>copayment</u> or <u>coinsurance</u> may apply. For example, this <u>plan</u> covers certain <u>preventive</u> <u>services</u> without <u>cost sharing</u> and before you meet your <u>deductible</u> . See a list of covered <u>preventive services</u> at <a href="https://www.healthcare.gov/coverage/preventive-care-benefits/">https://www.healthcare.gov/coverage/preventive-care-benefits/</a> .
Are there other deductibles for specific services?	No.	You don't have to meet <u>deductibles</u> for specific services.
What is the <u>out-of-pocket</u> <u>limit</u> for this <u>plan</u> ?	\$1,500 individual / \$3,000 family for in <u>network providers</u> ; \$2,250 individual / \$4,500 family for <u>out-of-network providers</u>	The <u>out-of-pocket limit</u> is the most you could pay in a year for covered services. If you have other family members in this <u>plan</u> , they have to meet their own <u>out-of-pocket limits</u> until the overall family <u>out-of-pocket limit</u> has been met.
What is not included in the <u>out-of-pocket limit?</u>	Copayments on certain services, premiums, balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the <u>out–of–pocket limit</u> . However, <u>in-network copayments</u> will be capped at \$5,000 individual / \$10,000 family. This means that you will not have to pay more than \$6,500 individual / \$13,000 family for all covered services received in <u>network</u> (including <u>copayments</u> ).
Will you pay less if you use a <u>network provider</u> ?	Yes. See <a href="https://www.mmeht.org">www.mmeht.org</a> or call 1-800-852-8300 for a list of
